Attached for your signature is an interim response letter to House Government Operations Chairman Jack Brooks on a bill on which he has requested the Agency's views. We will be preparing a report on the bill and sending it to OMB for clearance. The clearance process on bills such as these usually is lengthy, and in many cases clearance is never obtained because there is no chance of the Congress moving on the bill. For this reason we recommend an interim response acknowledging our receipt of the request for our views.
